Muhammad Ali Hospitalized

Boxing Legend hospitalized with a Respiratory Issue

Heavyweight-boxing legend Muhammad Ali has been hospitalized and is being treated for a respiratory issue.

Ali, who suffers from Parkinson's disease, is being treated by his team of doctors and is in fair condition. A brief hospital stay is expected.

At this time, the Muhammad Ali family respectfully requests privacy.

All media inquiries can be directed to family spokesperson, Bob Gunnell (bob@boxcarpr.com; 502-554-0940).
